

# Little Donations, Big Local Impacts

Each year the Wyngate Elementary School Robotics Team attends at least two events along with hundreds of other families from the DC Metro area. In addition the team will maintain a blog with images of our team at various events and practicing at Wyngate throughout the year.

## \$200 – Sponsor a team member for a year

- Includes t-shirts, snacks and challenge guide for one team member for a year.
- Team Member Sponsors will get their name on the team t-shirt and be listed on the team web page.

## \$400 – Sponsor a event

- Each event that team attends requires a registration fee, a tri-fold presentation board and other materials. Sponsoring at this level helps the team attend multiple events per season and purchase the materials needed to be successful.
- Event Sponsors will get their name on the team t-shirt, be listed on the team web page, and a team signed team photo

## \$600 – Sponsor a LEGO kit

- Allows the team to purchase an additional EV3 LEGO and expansion mindstorm kit. One EV3 LEGO kit is needed for every three kids on the team. The more kits we have, the more kids we can include in the program.
- Kit Sponsors will get their logo or a brief message on the team t-shirt, logo or a brief message listed on the team web page, a team signed team photo

## \$1,000 – Sponsor a Team

- Allows the team to pay for team registration, a challenge kit and build an FLL table.
- Team Sponsors will get their logo or a brief message on the team t-shirt, logo or a brief message listed on the team web page, a team signed team photo, their logo (sticker) on the team's FLL tables, their logo (sticker) on the team laptop and be included in the team name for announcements at tournaments.

When students are engaged in hands-on STEM experiences, they build confidence, grow their knowledge and develop habits of learning. When adults coach these students, they encourage them to try, fail, and try again, while connecting STEM concepts to real-world examples.

*FIRST*® LEGO® League is the most accessible, guided, global robotics competition, helping students and teachers to build a better future together. The program is built around theme-based Challenges to engage children in research, problem solving, coding, and engineering. The foundation of the program is the *FIRST*® Core Values, which emphasize teamwork, discovery, and innovation. Students emerge more confident, excited, and equipped with the skills they need in a changing workforce. Learn more at [www.firstlegoleague.org](http://www.firstlegoleague.org)

Please consider sponsoring the team at one of the recommended levels to help make this opportunity available to as many students as possible.

Sponsorship checks made out to Wyngate Elementary School: Robotics should be mailed to Wyngate Elementary School 9300 Wadsworth Dr, Bethesda, MD 20817.
